## Manual of Practice

No.	Description
	Table of Contents
100	Erosion/Sedimentation Control
102	Temporary Silt Fence
103	Temporary Diversion Cross-Section
104	Block & Gravel Drop Inlet Protection
105	Rock Pipe Inlet Sediment Trap
106	Modified Small Drainage Area Rock Pipe Inlet Sediment
	Trap
107	Block & Gravel Pipe Inlet Protection
108	Rip-Rap Outlet Protection
109	Gravel & Rip-Rap Filter Basin Detail
110	Dead End Street Erosion Control Device
112	Temporary Stone Ditch Check
113	Temporary Slope Drain Detail
114	Temporary Gravel Construction Entrance
200	Drainage
201	General Notes For Drainage
202	Brick Masonry Curb Inlet
203	Curb Inlet Throat For 2'-6" Curb & Gutter
204.1	Brick Catch Basin 15" Thru 54" Pipe
204.2	Brick Catch Basin 15" Thru 54" Pipe
204.3	Brick Catch Basin 15" Thru 54" Pipe
205.1	Frame, Grate, And Hood For Use On Standard Catch Basin
205.2	Frame, Grate, And Hood For Use On Standard Catch Basin
206.1	4'x4' Brick Masonry Yard Inlet
206.2	4'x4' Brick Masonry Yard Inlet
207	Catch Basin Frame And Solid Cover
208.1	Pre-Cast Catch Basin w/Frame & Grate
208.2	Pre-Cast Catch Basin w/Frame & Grate
300	Streets
301	General Notes For Streets
302	Parkway Cross-Sections
303	Arterial Street Cross-Sections
304	Collector Street Cross-Sections
305.1	Local Street Cross-Sections
305.2	Local Street Commercial/Industrial Cross-Sections
305.3	Minor Local Street Cross-Sections
306	Alley Cross-Section
307	Required Intersection Site Triangle
308	Sight Triangle For Divided Entrance
309	Speed Hump
310	Speed Table Or Pedestrian Table

311	Road Patch And Repair
400	Curb & Gutter, Sidewalks & Driveways
402	Typical Driveway Cut
404.1	Driveway Turnout Radius Type
404.2	Driveway Turnout Radius Type
405	Design Standards For Street Turnouts
406	Standard 30" Curb And Gutter
407	30" Valley Gutter
408.1	Curb And Gutter For Variable Super Elevations Rates
408.2	Curb And Gutter For Variable Super Elevations Rates
409	Sidewalks
410.1	Standard Wheelchair Ramp
410.2	Standard Wheelchair Ramp
410.3	Standard Wheelchair Ramps Depressed Curbs
410.4	Wheelchair Ramps Depressed Curbs
410.5	Wheelchair Ramps Depressed Curbs
410.6	Wheelchair Ramps Depressed Curbs
410.7	Wheelchair Ramps Depressed Curbs
411	8"x12" Median Curb
412.1	Concrete Islands
412.2	Concrete Islands
412.3	Concrete Islands Joint Details
500	Water Systems
	Tracer eyeteme
502	Typical Residential Connection And Hydrant Setting Detail
502 503	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail
	Typical Residential Connection And Hydrant Setting Detail
503	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail
503 504 505	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure)
503 504 505 506	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly
503 504 505	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter
503 504 505 506	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling
503 504 505 506 507 508	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements
503 504 505 506 507 508	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder
503 504 505 506 507 508 509 510	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly
503 504 505 506 507 508 509 510 511	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass
503 504 505 506 507 508 509 510 511 512.1	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass
503 504 505 506 507 508 509 510 511 512.1 512.2	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass
503 504 505 506 507 508 509 510 511 512.1 512.2 513	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly
503 504 505 506 507 508 509 510 511 512.1 512.2 513 514	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly Blow Off Detail
503 504 505 506 507 508 509 510 511 512.1 512.2 513 514 515	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly Blow Off Detail Typical Water Service Connection
503 504 505 506 507 508 509 510 511 512.1 512.2 513 514 515 516	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly Blow Off Detail Typical Water Service Connection Bore Encasement Detail
503 504 505 506 507 508 509 510 511 512.1 512.2 513 514 515 516 517	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly Blow Off Detail Typical Water Service Connection Bore Encasement Detail Typical Dead End With Fire Hydrant
503 504 505 506 507 508 509 510 511 512.1 512.2 513 514 515 516 517 518.1	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly Blow Off Detail Typical Water Service Connection Bore Encasement Detail Typical Dead End With Fire Hydrant Fire Sprinkler Backflow Prevention
503 504 505 506 507 508 509 510 511 512.1 512.2 513 514 515 516 517	Typical Residential Connection And Hydrant Setting Detail Fire Hydrant Installation Detail Thrust Block For Water Mains (150 PSI Working Pressure) Concrete Encasement For Manhole & Castings In Pavement Tapping Sleeve & Valve Assembly Double Detector Check Valve Assembly w/Meter Water Line Trench Bottom Dimensions And Backfilling Requirements Water Line Installation In Roadway Shoulder Air Blow-Off Assembly Meter Vault Without Bypass Meter Vault With Bypass Meter Vault With Bypass Vertical Gate Valve Assembly Blow Off Detail Typical Water Service Connection Bore Encasement Detail Typical Dead End With Fire Hydrant

Appendix Water Specifications
Section 02200 Earthwork
Section 02222 Excavating Backfilling
Section 02227 Boring Encasement
Section 2400 Thrust Blocking
Section 2401 Water Valves, Valve Boxes, Air Relief Valves,
Tapping Sleeve and Valves
Section 2402 Fire Hydrant And Appurtenances
Section 2500 Leakage Testing
Section 2501 Sterilization
Section 2570 Bituminous Pavement Repair
Section 2660 Water System
Section 02661 Water System Design Spec
Section 02668 Water Service Connections
Section 2900 Road Restoration Of Surfaces
Section 2930 Seeding And Landscaping
Sewer System
Sewer Line Trench Bottom Dimensions And Backfilling
Requirements
Sanitary Sewer Manhole Detail
Sanitary Sewer Drop Manhole
Standard & Short Manhole Ring & Cover
Manhole Step For Precast Concrete Manhole
Residential Sewer Tap
Low Pressure Sewer Cleanout Box
Low Pressure Sewer Service Box
Low Pressure Sewer Service Connection
Low Pressure Sewer Partial Lateral Service
Low Pressure Sewer Lateral Service
Low Pressure Sewer Individual System
Inside Drop Connection For Precast Concrete Manhole
(Fiberglass Drop Bowl)
Typical Grease Trap Detail
Typical Grease Trap Detail
Road Patch And Repair
Appendix Sewer Specifications
